Dennis and Ron,

I told David it would be worth having a conversation about this. Is there a good time to do it? I know there are a couple of things to work around today.

Thanks Terri - attaching with a few edits and comments.

Also took a look at the rollout strategy. For discussion, but can we deliver the data and make our folks available to discuss the results at the same time? That way we avoid a situation where a resident could read our analysis of the results in the paper before they have a chance to discuss with EPA/ATSDR.
